

TIMBER DUE DILLIGENCE AND RESPONSIBLE SOURCING STATEMENT

MDM Timber Ltd is committed to sourcing timber responsibly and ensuring all products we import comply with the UK Timber Regulation (UKTR).

We take the following steps to ensure legality and sustainability:

Supplier Verification: All suppliers are assessed and provide evidence of legal and sustainable sourcing

Risk Assessment: All timber, plywood, MDF, and sheet materials are evaluated for risks including country of origin, species, and supplier history.

Mitigation Measures: Any identified risks are addressed through corrective action or rejected consignments

Traceability: Records are maintained from supplier to delivery, including stock held at Tilbury and SPF

Monitoring & Oversight: Our processes are regularly reviewed, with contracted due diligence experts assessing and monitoring the legality and sourcing risks of all timber and sheet products

We work closely with our suppliers, storage partners, and contracted experts to maintain transparency, accountability, and responsibilities across the entire supply chain.
